

Download the Update

Property Management Solutions for Over 30 Years

Overview

Step by step instructions on downloading and installing version 12.

To Download

1. Go to our website, www.promas.com
2. Click on User Access in the upper right.

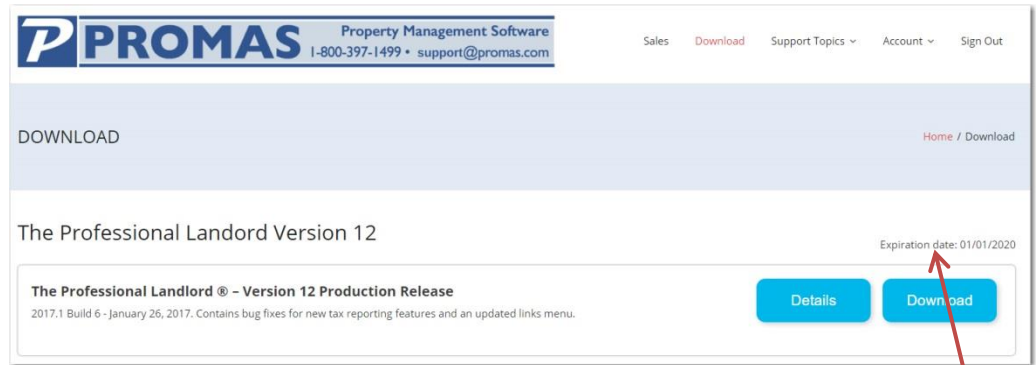

3. Click on <Download> under Download Software.

4. Enter your User ID and Password, then click on Log in.

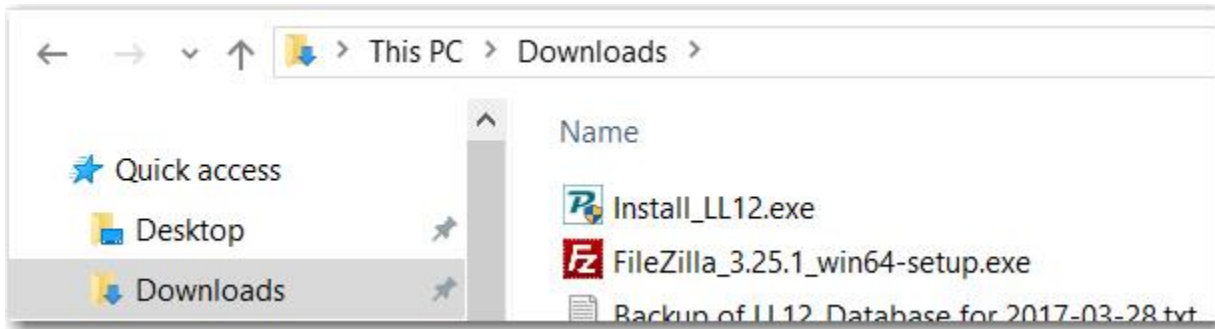

The screenshot shows the login form on the PROMAS website. At the top is the PROMAS logo and contact information. Below is a blue header with the word "DOWNLOAD". The main content area contains the text: "Please login to access this page" and "You are required to login to view this page." There are two input fields: "Username" with the value "lyn" and "Password" with masked characters ".....". Below the input fields is a red "Log In" button and a checkbox labeled "Remember me".

5. Click on <Download> for the Professional Landlord Version 12.
6. The Install_LL12.exe file will download and should be in the bottom left of your browser window. It will be in the Downloads folder on your computer.

To Install

1. Double click on Install_LL12.exe. It will either be at the bottom left of your browser window or in the Downloads folder on your computer.

2. The Install Wizard screen will display. Click <Next>.

3. After installing click <Finish>. Your PROMAS logon screen will display.
