

Late Notice Letters

Property Management Solutions for Over 30 Years

Overview

This document explains how to create and run late notice letters.

All letters are created in the <<Mailings, Edit Letters>> function. See the last 2 pages for information on creating the Notice letter. The Notice letters are run from <<Mailings, Notices>>.

Late notice letters are compiled using information in the *Notice profile* which sets up a notice letter to use based on the number of days late. Each tenant must be assigned a Notice Profile in their *Tenant Profile*. They also use the grace period information in the Late Fee profile.

Notice Profile

Each profile can have up to four different late notice letters, each with its own number of days late. The letter bodies are defined in Mailings, Edit Letters. When notice letters are run from the Mailings, Notices function, the system will choose the notice letter to use based on the number of days late for each notice candidate. The letter type can be changed prior to printing.

ID	DL	Late notice	Days Late
1st Notice	DL: Delinquent Letter		1
2nd Notice	3 DAY: Three Day Notice		3
3rd Notice	LAST CHANCE: Last Chance Notice		5
4th Notice	LAST CHANCE: Last Chance Notice		10

The system ignores the scheduling rules set up in the *Late Fee profile* when determining candidates for late notice letters so that notices can be sent to tenants who have already been charged a late fee. It will also consider all charges even if the Balance Late field contains a different selection. See the [Help PDF document #213](#) for information on the Late Fee Profile and charging late fees.

Only charges with the "Subject to Late Fees" checkbox marked are considered when the notice candidates are determined. A Late Fee profile must be assigned to the tenant.

ID	RENT	Rent	Active
Account	RENT: Rent		<input checked="" type="checkbox"/> Subject to Late Charges
Payoff Priority	Normal		<input checked="" type="checkbox"/> Subject to Management Fees
			<input type="checkbox"/> Taxable
			<input type="checkbox"/> Use to Track Deposits
			<input type="checkbox"/> Earns Interest as a Deposit
			<input type="checkbox"/> Pay Management Group

The first consideration in determining notice candidates is the grace period set up in the *Late Fee profile* and in the *Tenant Profile*. If the grace period has passed, the system uses the Days Late fields in the Notice profile. If the number of days late (beyond the grace period) is less than or equal to the Days Late in the Notice profile, that tenant will be a notice candidate and will be assigned the appropriate notice letter per the Notice profile.
