

Email Owner Statements

Property Management Solutions for Over 30 Years

Overview

These instructions are for those who do not want to use PROMAS Central but do want to email their owner statements.

There are two ways to email the statements.

Method 1

You can set up the program to create the statements on a monthly basis the same way they are for uploading to PROMAS Central. That is, always on the same day of the month for a month. Then you use the Internet Publishing function to create and email the statements.

Method 2

You want to create the statements on different days each month for different time periods. Then you use Mailings, Owner Statements to generate the statements and Internet Publishing to email the statements.

Method 1 Setup – One Time

1. Go to <<Internet Publishing>>.

2. Click on the Advanced Tab.

The screenshot shows the 'Internet Publishing' interface with the 'Advanced' tab selected. The interface is divided into two main columns of buttons. The left column contains 'Regenerate Owner Statements', 'Regenerate Tenant Statements', and a yellow informational box. The right column contains 'Publishing Setup', 'Owner Settings', 'Tenant Settings', and 'Email Settings'. Below these columns is a 'Connection Status' section showing 'Not Logged On' and a list of scheduled tasks. At the bottom, there is a 'Close of Business' section for Tuesday, June 5, 2018, with radio buttons for 'Open for Business', 'Close of Day', 'Close of Week', and 'Close of Week - Monday Holiday'.

Each Time

1. Go to <<Mailings, Owner Statements>>.
2. Enter any parameters you want and click <Run>.

The screenshot shows the "Owner Statements" dialog box. It features a title bar with the text "Owner Statements". Below the title bar, there are four dropdown menus: "Override Statement Type" (empty), "Statement Filter" (set to "All"), "Owner Filter" (set to "Active Owners"), and "Ledger Filter" (set to "Active Ledgers"). Each dropdown menu has a small icon to its right. Below these menus is a large, empty text area labeled "Statement Note". On the left side of the dialog, there is a vertical toolbar with several icons, including a mouse cursor icon.

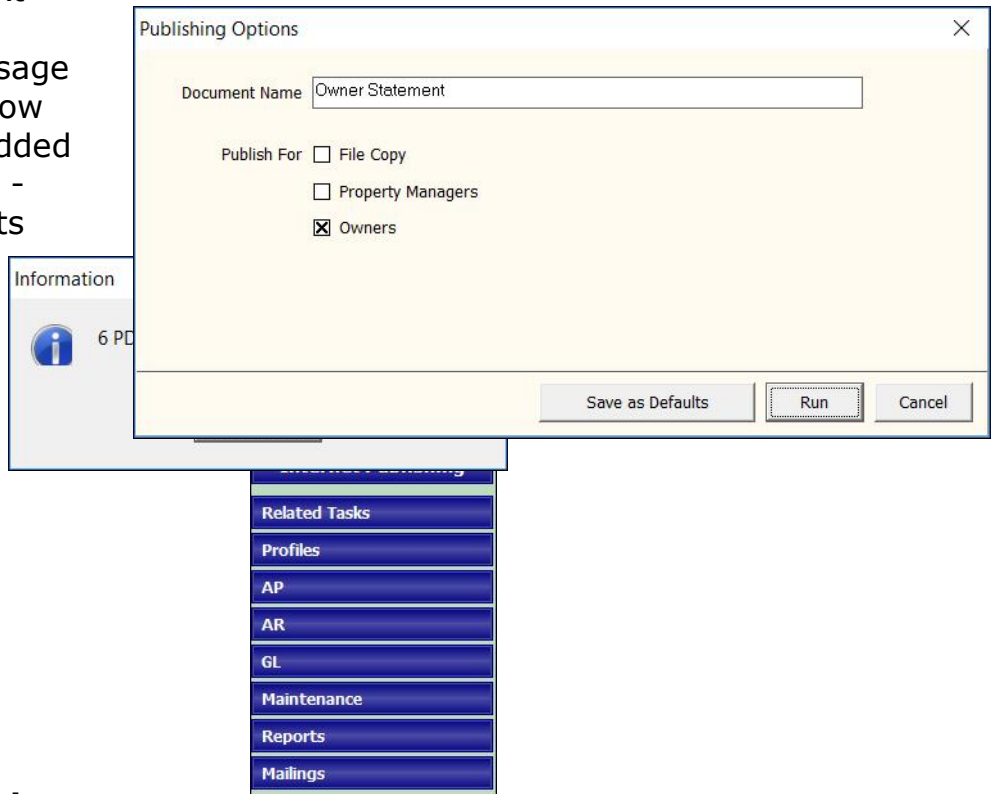

3. On the Report Setup screen enter any additional parameters and the date range.
4. Click <Publish>.

The screenshot shows the "Report Setup" dialog box. It has a title bar with the text "Report Setup" and a close button (X). The dialog contains several settings: "Printer" is set to "HPB881DC (HP OfficeJet 250 Mobile Series)" with a "Properties" button; "Paper Source" is set to "Main Tray" with a "Make Default" button; "Report Date" is set from "4/15/2018" to "5/14/2018" with a "Custom" dropdown; "Restrict to" and "Limit To Category" are both empty with icons to their right; and "Exclude Category" is an unchecked checkbox. At the bottom, there is a row of buttons: "Settings", "Options", "Print", "Publish", "Mail", "Export", "Preview", and "Cancel".

- 5. Click <**Run**> on the next screen.
- 6. Click <**OK**> to the message that displays showing how many files have been added to the Publishing Folder - those are the statements ready to be emailed.

- 7. Go to <<**Internet Publishing**>>.

- 8. Click <**Email Documents**>.
